FOREWORD

This publication, providing data on the physical plant assets, indebtedness, and endowments of the Nation's colleges and universities at the end of the 1975 fiscal year, contains national, regional, and State totals derived from the 10th annual Higher Education General Information Survey (HEGIS X) of Financial Statistics of Institutions of Higher Education for Fiscal Year Ending 1975. In addition to the property-related data provided, the HEGIS X financial statistics survey also collected current funds revenues and expenditures data.

Marjorie O. Chandler, Acting Chief
University and College Surveys and
Studies Branch

Rolf M. Wulfsberg, Deputy Director
Division of Postsecondary and Vocational
Education Statistics

ACKNOWLEDGMENTS

Reports based on various portions of the Higher Education General Information Survey (HEGIS) are made possible by the cooperative endeavors of large numbers of individuals in the National Center for Education Statistics. Among them:

Angelyn T. McLilly and Ruth J. Page edited the data and provided technical assistance.
Mary A. Gilbert and Linda D. Barry provided secretarial assistance.

Most of the work on this project was performed in the former Division of Survey Planning and Analysis and its Higher Education Surveys Branch, headed by Theodore H. Drews and Edith M. Huddleston, respectively.

The National Center for Education Statistics expresses its appreciation to the more than 3,000 college and university business officers who provided the data for these financial statistics.

INTRODUCTION

The institutions in this publication are grouped by level of the individual "institutional unit." That is, universities and their university-level branches are aggregated under the heading "universities," their 4-year branches and other 4-year institutions under "other 4-year institutions," and 2-year branches and separate 2-year colleges under "2-year institutions." They are the 3,038 institutions, or "population of inquiry," included in the 10th annual Higher Education General Information Survey conducted by the National Center for Education Statistics.

Of the 3,038 institutional units, 2,848 completed questionnaires were returned, for a 93.7 percent response rate. Data were imputed for the remaining, nonrespondent institutions, which accounted for less than 3 percent of the dollars reported.

Two methods were used to account for nonresponse. If the institution had reported data in a previous year, those data were adjusted according to trends established in past HEGIS surveys and entered as the institution's fiscal year 1975 report. If no previous data were available, 1975 data were used from peer institutions--selected for location (State or region); level and enrollment size of institution; and, wherever possible, institutional control.

The population of inquiry and numbers of respondents and nonrespondents are shown in appendixes A, B, and C, respectively, by level and control of institutional unit and by region and State or other area. The institutions that did not respond or did not provide adequate data are listed in appendix D. A reproduction of the form, with aggregate data entered for the United States and outlying areas, appears as appendix E. It also contains instructions and definitions for the financial portions of the survey.

BASIC TABLES

NOTES– Data are rounded to the nearest thousand. Therefore, a zero indicates that the amount reported was less than $500.

Aggregate United States includes the 50 States and District of Columbia, U.S. Service Schools, and the outlying areas of the United States.

APPENDIX E: REPRODUCTION OF SURVEY REPORT FORM

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

WASHINGTON, D.C. 20202

HIGHER EDUCATION GENERAL INFORMATION SURVEY

DEFINITIONS AND INSTRUCTIONS

FINANCIAL STATISTICS OF INSTITUTIONS OF HIGHER EDUCATION FOR FISCAL YEAR ENDING 1975

(OMB NO. 51-R0566, Approval Expires: 6/30/76)

STATEMENT OF CHANGES

Parts A and B have been changed to coincide with the recently published standards of college and university financial reporting. The categories of current funds revenues, current funds expenditures, and transfers are now consistent with the *College and University Business Administration. Administrative Service* (published in 1974 by the National Association of College and University Business Officers), the *Higher Education Finance Manual* (published in 1975 by the National Center for Education Statistics), and with the *Audits of Colleges and Universities* (as amended August 31, 1974 by the American Institute of Certified Public Accountants).

Part C has a new line which requests the estimated cost to replace all of the institution's buildings.

Part D has a new line requesting the amount of money spent on interest.

Part E has been revised to include information concerning the additions/withdrawals, gains/losses, and appreciation/depreciation of endowment holdings of the institution.

Part F is an addition for HEGIS X. It is called the statement of changes in fund balances and it describes the flow of all funds into, out of, and among all the fund groups of the institution.

Part G has been changed slightly from last year's Part F to include more information that the U.S. Department of Commerce, Bureau of Census requires.

GENERAL

If you need clarification on any of the definitions or instructions, please call Mr. Paul F. Martins, the survey director, at (202) 245-8392 in Washington, D.C.

To avoid unnecessary overlapping of Federal surveys of the finances of your institution, this survey is designed to include the financial statistics previously collected by the U.S. Department of Commerce, Bureau of the Census Form F-15.

Please attach supplemental information, comments, etc., on a separate sheet.

All data reported should be whole dollars only, omit cents.

Please complete this survey and return it to the U.S. Department of Health, Education, and Welfare, Education Division, National Center for Education Statistics, ATTENTION: Room 2164-HEGIS, 400 Maryland Avenue, SW., Washington, D.C. 20202, not later than October 31, 1975.

NOTE: This year's form is in seven parts. For any item in any part where exact data do not exist, please give estimates. Items referenced in specific instructions below will be referred to by their line numbers.

SPECIFIC

These definitions are consistent with those given in the Higher Education Finance Manual (HEFM).

Part A. Current funds revenues by source for fiscal year ending 1975

Instructions for Part A. Current funds revenues include all unrestricted gifts and other unrestricted revenues earned during the fiscal year and restricted current funds to the extent that such funds were expended for current operating purposes.

LINE 1. Tuition and fees. Report all tuition and fees assessed against students for current operating purposes. Include tuition and fee remissions or exemptions even though there is no intention of collecting from the student. Include here those tuitions and fees which are remitted to the State as an offset to the State appropriation. (Charges for room, board, and other services rendered by auxiliary enterprises are not reported here. See line 16.)

LINES 2, 3, and 4. Governmental appropriations include all amounts received from or made available to the institution through acts of a legislative body, except grants or contracts. These funds are for meeting current operating expenses and NOT for specific projects or programs. Examples are Federal land-grant appropriations and Federal revenue sharing funds (line 2). Federal appropriations received through State channels, is a subset of line 2 and should be included in the line 2 total for Federal appropriations.

LINES 5-10. Governmental grants and contracts. Report revenues from governmental agencies which are for specific research projects or other types of programs. Examples are research projects, training programs, and similar activities for which amounts are received or expenditures are reimbursable under the terms of a government grant or contract. Amounts equal to direct costs incurred should be recorded as charges against current restricted funds and reported as restricted current funds revenues (lines 6, 8, and 10). Related indirect costs recovered should be reported as unrestricted revenues (lines 5, 7, and 9).

LINES 11 and 12. Private gifts, grants, and contracts. Private gifts and grants include revenues from private donors for which no legal consideration is involved. Private contracts include those funds for which specific goods and services must be provided to the funder as stipulation for receipt of the funds. Include only those gifts, grants, and contracts that are directly related to instruction, research, or public service. Moneys received as a result of gifts, grants, or contracts from a foreign government would be reported here.

LINES 13 and 14. Endowment income. Report: (1) the unrestricted income of endowment and similar funds, (2) restricted income of endowment and similar funds to the extent expended for current operating purposes, and (3) income from funds held in trust by others under irrevocable trusts. Do not include capital gains or losses.

LINE 15. Sales and services of educational activities. Report revenues derived from the sales of goods or services that are incidental to the conduct of instruction, research, or public service. Examples include film rentals, scientific and literary publications, testing services, university presses, and dairy products.

CONTINUED ON NEXT PAGE

LINE 16. Sales and services of auxiliary enterprises. Report here all revenues generated by the auxiliary enterprise operations of the institution. Auxiliary enterprises are managed as essentially self-supporting activities. Examples are residence halls, food services, student health services, college unions, college stores, barber shops, etc.

LINE 17. Sales and services of hospitals. Include the revenues (net of discounts and allowances) of a hospital operated by the institution. Do NOT include here gifts, grants, appropriations, research revenues, or endowment income. Include revenues of health clinics that are part of the hospital unless such clinics are part of the student health services program.

LINE 18. Other sources. Include all items of revenue not covered elsewhere. Examples are interest income and gains (net of losses) from investments of unrestricted current funds. Include revenues resulting from the sales and services of internal service departments to persons or agencies external to the institution.

LINE 19. Independent operations. Include all revenues associated with operations independent of or unrelated to the primary missions of the institution (i.e., instruction, research, public service) although they may indirectly contribute to these programs. This category generally includes only those revenues associated with major Federally Funded Research and Development Centers.

LINE 20. Total current funds revenues. Report here the sum of lines 1 through 19 inclusive.

LINE 21. If in the preceding year, gifts were received which were credited directly to the balances of funds other than current funds and which under present accounting practices would be included in current funds revenues, please indicate the amount of such gifts received in the preceding year and added directly to balances of other funds. (The amount entered will be used to adjust the preceding year's (1973-74) total current funds revenues to be comparable to this year's (1974-75) total current funds revenues (Part A, line 20).)

Part B. Current funds expenditures and mandatory transfers for fiscal year ending 1975.

Report both unrestricted and restricted current funds expenditures in the following functional classifications:

LINE 1. Instruction. Expenditures of the colleges, schools, departments, and other instructional divisions of the institution and expenditures for departmental research and public service which are not separately budgeted should be included in this classification. Include expenditures for both credit and noncredit activities. Exclude expenditures for academic administration where the primary function is administration (e.g., academic deans). This category includes the following: general academic; occupational and vocational instruction; special session instruction; community education; preparatory and adult basic education; and remedial and tutorial instruction.

LINE 2. Research. This category includes all funds expended for activities specifically organized to produce research outcomes and commissioned by an agency either external to the institution or separately budgeted by an organizational unit within the institution. Do not report non-research sponsored programs (e.g., training programs).

LINE 3. Public service. Report all funds budgeted specifically for public service and expended for activities established primarily to provide noninstructional services beneficial to groups external to the institution. Examples are seminars and projects provided to particular sectors of the community. Include expenditures for community services and cooperative extension services.

LINE 4. Academic support. This category includes expenditures for the support services that are an integral part of the institution's primary missions of instruction, research, or public service. Include expenditures for libraries (line 5), museums, galleries, audio/visual services, computing support, ancillary support, academic administration and personnel development, and course and curriculum development. (Include line 5 expenditures in the line 4 total for academic support.)

LINE 6. Student services. Report funds expended for admissions, registrar activities, and activities whose primary purpose is to contribute to students' emotional and physical well-being and to their intellectual, cultural, and social development outside the context of the formal instruction program. Examples are career guidance, counseling, financial aid administration, student health services (except when operated as a self-supporting auxiliary enterprise).

LINE 7. Institutional support. Report expenditures for the day to-day operational support of the institution, excluding expenditures for physical plant operations. Include general administrative services, executive direction and planning, legal and fiscal operations, and community relations.

LINE 8. Operation and maintenance of plant. Report all expenditures for operations established to provide service and maintenance related to campus grounds and facilities. Do not include expenditures made from the institutional plant funds accounts.

LINES 9 and 10. Scholarships and fellowships. This category applies only to moneys given in the form of outright grants and trainee stipends to individuals enrolled in formal coursework, either for credit or not. Do not report Federal Basic Educational Opportunity Grants, ROTC scholarships, or other programs where the institution is not allowed to select the recipient of the grant. Aid to students in the form of tuition or fee remissions should be included. (Exclude those remissions which are granted because of faculty or staff status.)

LINE 11. Educational and general mandatory transfers. Mandatory transfers from current funds are those that must be made in order to fulfill a binding legal obligation of the institution. Report mandatory debt-service provisions relating to academic buildings, including (1) amounts set aside for debt retirement and interest, and (2) required provisions for renewal and replacements to the extent not financed from other sources.

LINE 12. Total educational and general expenditures and mandatory transfers. Enter here the sum of lines 1 through 4 plus 6 through 11.

LINE 13. Mandatory transfers for auxiliary enterprises. Report the amount transferred from current funds for mandatory debt service provisions relating to auxiliary enterprises. Examples include maintenance reserves.

LINE 14. Auxiliary enterprises. This category includes those essentially self-supporting operations which exist to furnish a service to students, faculty, or staff, and which charge a fee that is directly related to, although not necessarily equal to, the cost of the service. Examples are residence halls, food services, college stores, and intercollegiate athletics. (Include the mandatory transfers amount on line 13 in the line 14 amount.)

LINE 15. Mandatory transfers for hospitals. Report the amount transferred from current funds for mandatory debt service provisions relating to hospitals.

LINE 16. Hospitals. Report all expenditures, except depreciation, associated with the operation of the hospital, including nursing expenses, other professional services, general services, administrative services, fiscal services, and charges for physical plant operations. (Include the mandatory transfers amount on line 15 in the line 16 amount.)

LINE 17. Mandatory transfers for independent operations. Report the amount transferred from current funds for mandatory debt service provisions relating to independent operations.

LINE 18. Independent operations. Include all funds expended for operations that are independent of or unrelated to the primary missions of the

institution, although they may indirectly contribute to the enhancement of these programs. This category is generally limited to expenditures of a major Federally Funded Research and Development Center. Do not include the expenditures of operations owned and managed as investments of the institution's endowment funds. (Include the line 17 amount in the line 18 amount.)

LINE 19. Total current funds expenditures and mandatory transfers. Report the sum of lines 12, 14, 16, and 18.

Part C - Physical plant assets for fiscal year ending 1975

Report the values of land, buildings, and equipment owned or utilized by the institution. Do not include those plant values which are a part of endowment or other capital fund investments in real estate. Data for your institution which are not kept on the books of account of your institution, but are kept in the records of another organization or agency for your institution, should be included (e.g., State schools should report physical plant even though records are maintained by a State agency).

LINES 1, 2, and 3. Report the book values of land, buildings, and equipment.

COLUMN (2). Book value of plant at the beginning of the fiscal year is intended as the dollar amount of value as shown on the institution's accounting records.

COLUMN (3). Additions during the year are additions to plant made through purchase, by gift-in-kind from donor, and from other additions.

COLUMN (4). Deductions from the plant are deductions resulting from selling, razing, fire or other hazards, or other disposition of assets.

COLUMN (5). Book value of plant at the ending of the fiscal year is intended as the dollar amount of value as shown on the institution's accounting records. Column (5) is the sum of columns (2) and (3), less column (4).

COLUMN (6). Report or estimate the CURRENT COSTS TO REPLACE all buildings owned or utilized by the institution. Report recent appraisal value or what is currently carried as insurance replacement value. Do not include the replacement values of those buildings which are a part of endowment or other capital fund investments in real estate. This figure is not a book value figure.

Part D - Indebtedness of physical plant for fiscal year ending 1975

In Part D, report data on indebtedness liability against the physical plant. Include auxiliary enterprises facilities as well as educational and general facilities. Examples of auxiliary enterprises facilities are those used for operation of housing, food service, bookstores, and other units which are classified as auxiliary enterprises. Enter zeroes or NA's if your institution has no indebtedness.

LINE 1. Balance owed on indebtedness principal at the beginning of the year is that amount shown in the liability section of the plant fund balance sheet.

LINE 2. Additional principal borrowed during the year is loans negotiated through bonds, mortgages, notes, or any other type of financing (including short-term notes) and amounts borrowed from other institutional funds for physical plant.

LINE 3. Payments on plant loans principal during the year is the amount used to reduce the principal of loans, regardless of the source of funds.

LINE 4. Balance owed on indebtedness principal at the ending of the year is that amount shown in the liability section of the plant fund balance sheet. It is the sum of line 1 plus line 2, less line 3.

LINE 5. Interest payments on physical plant indebtedness. Report the total interest charges paid during the fiscal year on physical plant indebtedness. Exclude principal repayments (see line 3).

Part E - Endowment by book and market value for fiscal year ending 1975

In Part E, report data on investment of endowment, term endowment and quasi-endowment (funds functioning as endowment). If your institution has no endowment, enter zeroes or NA's.

LINE 1. Value of endowment at the beginning of the fiscal year. Report the book value of endowment in the first column and the market value in the second column. (If market value on some investments is not available, use whatever value was assigned by the institution in reporting market values in the annual financial report.)

LINE 2. Total additions for the fiscal year. Report the total book value of gifts and additions to endowment in both columns. (Book and market values are usually identical at time of purchase.)

LINE 3. Total withdrawals for the fiscal year. Report the total book value of withdrawals and deductions from endowment in column (1) and the market value in column (2).

LINE 4. Net realized gains or losses on sale of investments (book value only). In the first column only, report the sum of all gains on the sales of investments less the sum of all losses. Net realized gains are appreciation (amount selling price is greater than purchasing price) on securities and other investments sold during the fiscal year. Do not report in column (2).

LINE 5. Appreciation or depreciation for the year (market value only). Report in column (2) the increase (appreciation) in market value of all investments. Deduct any loss (depreciation) of value and report a net figure. Do not report in column (1).

LINE 6. Value of endowment at the end of the fiscal year. The book value of endowment at the end of the fiscal year is the sum of lines 1 and 2, minus line 3, plus (or minus) line 4 in column (1). This figure should agree with that figure shown on the accounting records of your institution. The market value of endowment at the end of the fiscal year is the sum of lines 1 and 2, less line 3, plus (or minus) line 5 in column (2).

LINE 7. Endowment yield (dividends, interest, rents, etc.). Yield includes all earnings (not realized gains) on investments of endowments regardless of distribution made of the earnings to various institutional funds.

Part F - Statement of changes in fund balances for fiscal year ending 1975

The "Statement of Changes in Fund Balances" describes the total institutional flow of funds into, out of, and among all the various fund groups. Also included is a summary of the net effect of these flows (including beginning and ending balances) for each fund group. (See Figure 4 in HEFM.)

LINE 1. Additions. Report all moneys, excluding transfers, added to any fund group during the fiscal year.

LINE 2. Deductions. Report all funds, except transfers, flowing out of any of the fund groups during the fiscal year.

LINE 3. Total transfers into/(out of). Report mandatory and nonmandatory transfers flowing into or out of any of the fund groups during the fiscal year. Transfers are self-balancing across the columns. That is, every transfer results in an equal addition (shown as a positive figure in the receiving fund group column) and deduction (shown as a negative figure in parantheses in the donor fund group column), therefore the net result always will be zero.

LINE 4. Net increase (decrease) for year. Report the net change in fund balances from the beginning to the ending of the fiscal year. It is the dif-

ference between lines 6 and 5. A net increase is reported as a positive figure and a net decrease is reported as a negative figure (in parentheses).

LINE 5. Fund balance at beginning of year. Report the total of the fund balance prior to any of the flows additions, deductions, and transfers described in the statement for that fund group.

LINE 6. Fund balance at end of year. Report the total for the fund balance after all of the additions, deductions, and transfers described in the statement.

COLUMN (1). Current funds. Current funds includes all unrestricted current funds revenues and restricted current funds additions.

COLUMN (2). Loan funds. Report those funds that have been loaned, or are available for loans to students, faculty, and staff. Do not include loans made to the institution.

COLUMN (3). Endowment funds. This fund group includes funds whose principal is nonexpendable and that are intended to be invested to provide earnings for institutional use. Includ term endowment and quasi-endowment funds.

COLUMN (4). Annuity and life income funds. This category includes all funds carrying a stipulation that the institution make payments to one or more specified beneficiaries.

COLUMN (5). Plant funds. Report all unexpended plant funds, funds for renewal and replacement, funds for debt service charges and for the retirement of indebtedness, and the amount of institutional funds invested in physical plant facilities (other than those of endowment and similar amount of funds).

Part G - To be completed by PUBLIC institutions only

LINE 1. Report all gifts and grants received during the fiscal year from private individuals and organizations. Include nonexpendable grants as well as benefactions available for plant expansions, or for current expenditure.

LINE 2. Report interest, dividends, rents, and other earnings on all invested funds, including endowment and plant funds. Exclude receipts from sale of securities other than any recorded profits (e.g., capital gains). Exclude earnings of State land funds allocated to your institution.

LINE 3. Report the amount received from the Federal Government for a hospital in which service to the community or State is paramount (not infirmaries for students). Include only current funds revenues. (Report capital funds on line 15.)

LINE 4. Report gross charges received from sales and services of the hospital, including Medicare funds.

LINE 5. Report Medicaid funds received from the State government. This is a subset of line 4.

LINE 6. Report all funds received by the hospital. This total includes all government funds, all patient fees, etc., and may EXCEED the sum of lines 3, 4, and 5.

LINE 9. Report total expenditures during the fiscal year for gross salaries and wages of the total academic and nonacademic staff, including paid fringe benefits, employer contributions to employee-retirement funds, paid student help and part-time employees. Include amounts for auxiliary enterprises.

LINE 10. Include such expenditures from all funds, both restricted and unrestricted. Exclude payments to students rendering services (teaching fellows, etc.).

LINE 11. Report interest paid from all funds -- general, auxiliary enterprises, plant funds, etc.

LINE 12. Enter the amount of current funds expended for agricultural experiment stations and extension services.

LINES 13 through 16. Report for columns (2), (3), and (4), all expenditures for capital outlay from bond proceeds and all other funds. On line 13, report outlays for physical plant utilized by the departments, colleges, schools, and instructional divisions of the institution. Include outlays for administrative plant and libraries. On line 14, report capital outlays for agricultural experiment stations and extension services, if any. On line 15, report capital outlays for a major, public service hospital, if any. Report capital outlays for auxiliary enterprises on line 16. In column (2), include purchase of equipment (replacements as well as additions). In column (3), report purchases of land and existing structures. In column (4), report spending for new structures and other improvements, additions, replacements, and major alterations.

LINES 17 through 20. Report bonds, mortgages, etc., with an original term of more than one year, which are payable solely from pledged earnings, charges, or fees (e.g., dormitory, stadium, and student-union revenue bonds). Include any loans (not "Commitments") from H.H.F.A. and other Federal agencies. Exclude guaranteed long-term debt (i.e., those obligations that are issued by the State and backed by a pledge of credit of the State).

LINES 21 and 22. Report anticipation notes, interest-bearing warrants and other obligations with a term of one year or less. Exclude accounts payable and other noninterest-bearing obligations. Do not include interfund loans, or advances from State funds.

LINES 23 through 28. Report amounts of cash on hand and on deposit, and security holdings (at par value) as to all funds and accounts of your institution except agency accounts held in private trust or custodial capacity, and any contributory employee-retirement systems funds. Include endowment funds, loan funds, and plant funds, as well as current funds. Exclude accounts receivable, value of property other than securities, and any amounts held for your institution by the State Treasurer. Sinking funds (column (2)) are reserves held specifically for redemption of the long-term debt reported in line 20 (but exclude any amounts for interest requirements). Bond funds (column (3)) are funds established to account for the proceeds of bond issues pending their disbursement.

LINE 23. Report cash on hand and demand and time or savings deposits.

LINE 25. Report the obligations of the following government-owned agencies: CCC, Export-Import Bank, Federal Financing Banks, FHA, GNMA, Postal Service, and TVA.

LINE 26. Include holdings of bonds and other securities issued by State and local government institutions and agencies. Exclude interfund loans and advances.

LINE 27. Report bonds, stocks (at book value), mortgages, notes, student loans, etc., not included in lines 23 through 26.

DEFINITIONS

MULTI-CAMPUS INSTITUTION. An organization bearing a resemblance to an institutional system, but unequivocally designated as a single institution with either of two organizational structures: (1) an institution having two or more campuses responsible to a central administration (which central administration may or may not be located on one of the administratively equal campuses) or (2) an institution having a main campus with one or more branch campuses attached to it.

MAIN CAMPUS. In those institutions comprised of a main campus and one or more branch campuses, the main campus (sometimes called the parent institution) is usually the location of the core, primary, or most comprehensive program. Unless the institution-wide or central administrative office for such institutions is reported to be at a different location, the main campus is also the location of the central administrative office.

BRANCH CAMPUS. A campus of an institution of higher education which is organized on a relatively permanent basis (i.e., has a relatively permanent administration), which offers an organized program or programs of work of at least 2 years (as opposed to courses), and which is located in a community different from that in which its parent institution is located. To be considered in a community different from that of the parent institution, a branch shall be located beyond a reasonable commuting distance from the main campus of the parent institution.

INSTITUTIONAL SYSTEM. A complex of two or more institutions of higher education, each separately organized or independently complete, under the control or supervision of a single administrative body.
